The Dy Gd I/C has stated that he has sanctioned an allowance of Rs 50/- to the Supdt C.I. Workshop and that he may be permitted to draw it under Art. 52 (b) of M&SR Statement I refers to some clerical allowance at Rs 15/- pm. The Govt of India has stated that in no case should the allowance exceed 20% of the substantive pay and is intended for the lower paid Staff.

In the case of the Engg. College and Govt Electric Factory, the allowances for posts were approved by Govt. Perhaps the Dy Gd I/C may be asked to send a Statement, as in the case of Electric Factory, for obtaining Govt sanction for permanent posts.

Sir,

Subject: Allowance to the Superintendent, Central Industrial Workshop, for being in charge of War Technician Scheme.

In inviting kind reference to G.O.No.D.11-12/I&C. 593-40-4 dated 1st July 1941 sanctioning the scheme of training war technicians in the Central Industrial Workshop, I have the honour to state that the scheme of training started work on 1st August 1941. The Industrial Engineer and the Superintendent, Central Industrial Workshop represents that this scheme has devolved additional work on him and requests that he may be granted a suitable allowance from the inception of the scheme for attending to this work. I understand that the Principal, College of Engineering and two of the Assistant Professors of the College draw an allowance of Rs.100/- and Rs.50/- P.M. respectively for similar work. This allowance is payable from out of the contribution paid by the Government of India at the rate of Rs.7/- per student per month. Under the war technicians scheme, the head of the Institution can sanction suitable allowances to the Supervisory te and other staff. I enclose a statement showing the amount

p.t.o.

amount drawn from August 1941 to April 1942. It will be seen therefrom that a sum of Rs.1,223-4-0 is available as at the end of April 1942. I consider that in view of the fact that other Mysore Government Officers are drawing allowances for similar work, the Superintendent of the Central Industrial Workshop may be granted an allowance of Rs.50/- per month. I have accordingly sanctioned the same. I request that the Industrial Engineer and the Superintendent of Central Industrial Workshop may be permitted to draw it under Article 52 (b) (iv) M. S. R.

In this connection I send enclosed a statement showing the several officers who were in charge of the Central Industrial Workshop after the training scheme was brought into effect and to request that the several officers who were in charge of the concern in the period may also be permitted to draw the allowance of Rs.50/- per mensem for the respective periods from its inception.

WAR TECHNICIANS SCHEME AT C.I. WORKSHOP.

Reference:-Letter No.3434/W dated 11-6-1942, from the Chief Secretary to Government of Mysore, Bangalore.

The letter No.T.R.245(1) dated 26th May 1941 refer ed to in the let er of Government is enclosed for kind perusal. It is clear that the sum of Rs.2/-per candidate is for supervision charges. Accordingly, the staff of the Engineering College, Bangalore are granted allowances as follows:-

Principal and Professor Rs.100/-p.m.
Two Asst. Professors @ Rs-50/-p.m., each.
The ministerial and clerical staff, including menials at 20% of their pay, vide details noted below.

Flag A shows the staff sanctioned seperately by the Government of India, for training in C.I.W., as in the Engineering College, apart from the above, and with a specialist War Technicians Instructor. This Specialist Instructor was in the Workshop till April 1942, getting a pay of Rs.620/-p.m., and thereafter went on leave and subsequently to England. (Mr. Yeadon). Among the staff, a part time clerk is included in on Rs.15/-and this was so far wrongly met by the workshop, out of the Training fee of Rs.2/-per trainee granted for supervisior But the Accountant General of Madras has now pointed out this mistake which will be immediately rectified and this will be cla med seperately and recouped as the Engineering College have been doing.

The persons directly connected and working as contemplated in the letter of instructions adverted to by Government are:-

1. Superintendent:-He will have to supervise being in charge of the scheme. Especially from April 1942, consequent on the absence of the W r Technicians Specialist Instructor, the work is more. His pay is Rs.500/-as Officiating Executive Engineer, and 20% of this will be Rs.100/-and the sum of Rs.50/- recommended is well within that limit.

P.T.O.

2. Accountant & Office Manager of the workshop:- As time has passed, it is found that rules and regulations relating to the scheme have to be well understood and observed strictly. The prescribed returns of accounts and statistics etc., have to be sent periodically promptly to the Officers of Government of India and the work involved cannot be managed by on clerk (part-time on Rs.15/-adverted to above). Even if a full time clerk is appointed, the responsibility and work of accountant will be none the less.

As against six hands noted in the margin on the ministeri al and clerical establishment, who have been granted allowances in the Engineering College, it will only be one, in C.I.W. apart from the clerk sanctioned seperately adverted to above. The allowances to the Accountant may therefore be sanctione by the Director, at 20% of his pay as in the Engineering College.

No.TR. 245 (1)

From

H. Tufnell-Barrett, Esquire, I.C.S.,
Deputy Secretary to the Government of India.

To

All Heads of Training Centres,

(Except Railway Centres, the Hyderabad Training Centre, Messrs. P. Orr & Sons Ltd., Madras and Assam Oil Co., Ltd., Digboi).

Subject:-Technical Training Scheme-Fixation of charges.

Sir,

I am directed to inform you that as a result of representations that the training fee of Rs.5/- per head per month is inadequate to meet the cost of consumable stores and light, power stationery etc., as well as allowances to existing staff to compensate them for additional duties and loss of holidays and vacations, the Government of India have decided to increase the provisional training fee of Rs.5/- per head per month by Rs.2/- to Rs.7/- per head per month with retrospective effect from the date on which the various training classes began work. The increased rate of Rs.7/-, like the original rate of Rs.5/- is provisional and will be subject to review in the light of actual experience. The additional amount of Rs.2/- is intended primarily to meet the cost of allowances to existing staff for overtime work and extra duties as well as for loss of vacations and holidays, but if the full amount is not required for this purpose, the balance may be used for the provision of consumable stores and light, power, stationery etc. It will be for the Heads of training centres to decide which members of the staff should receive allowances and at what rates. It is not intended that every member of the staff of a technical training centre should receive extra remuneration. Allowances should be confined to those who actually have to spend extra time on work directly connected with the Training Scheme and who as a result of the Training scheme will have to forego holidays and vacations. As a general rule, the allowances should be confined to the lower paid staff and it is suggested that in no case should they exceed 20% of the substantive pay of the staff concerned.

2. At some training centres special allowances have been sanctioned to certain instructional, clerical and menial staff engaged on part time duties connected with the Training Scheme. With effect from the date on which the increased scale of fees is drawn, these special allowances should be met from the fees and they should no longer be drawn from the Treasury on separate bills. If the enhanced fee is claimed with retrospective effect, the lump sum payable will be the total value of the enhancement over the period claimed minus the aggregate of the special allowances paid over the same period.

P.T.O.

3. If any training centre prefers to retain the original training fee of Rs.5/-per head per month plus the special part-time allowances sanctioned to certain members of their staff, the Head of the Centre should inform this Department at once through the Regional Inspector concerned when the case will be considered on its merits. In all such cases the status quo will be maintained until a decision has been reached.

4. Where fees at the increased rate are due to a training centre with retrospective effect, the amount due should be drawn from the local treasury on presentation of bill-s in accordance with the procedure outlined in this Department letter No.TR.58, dated the 20th December 1940 to the Account General, Central Revenues.
